

# 12<sup>th</sup> Haemophilia Global Summit

## Virtual edition

27–29 October 2021

This meeting is initiated and funded by Pfizer  
An independent faculty determined the structure and scientific content of the meeting

The 2021 Virtual Summit has been designed to allow delegates from around the world to participate in as many live sessions as possible. Each session will be broadcast two times per day and delegates are welcome to attend either session.

## Wednesday 27 October 2021
